

MEMO

To: CLNB Families

From: Sherry Carnevale, Executive Director

Subject: October 26 2020 COVID-19 Pandemic Update

It appears that we may have dodged the COvid bullet this round. We will be continuing to slowly open our programs as we continue in the stage three phase. We will still be monitoring the status on a day to day basis, and making adjustments as needed.

As of today, we are going to be operating as follows:

Group Living/Family Home: Visits will be permitted. Each home has established a separate area for visiting or separate guidelines to enable in home visits. Visits to family homes will also be permitted with the enhanced screening protocols. Outside Passport/respice workers will be permitted to interact with persons living in our residences.

Other programs will be reverting back to the stage three opening schedule. We hope that this will continue to offer much needed support to families in our community.

As we continue to plan for the worst we ask families to refer to the October 8 memo regarding essential visitor guidelines so we can be ready should a full shutdown occur.

We appreciate your patience while we navigate these challenging times. Should you have any questions please reach out to the manager to discuss your concerns.

Sherry Carnevale

Executive Director

Community Living North Bay
